

**THE ATLANTA JOURNAL-CONSTITUTION NAMES MILLERCLAPPERTON  
A WINNER OF THE ATLANTA TOP WORKPLACES 2021 AWARD**

FOR IMMEDIATE RELEASE

**Austell, Georgia (March 22, 2021)** – The Miller-Clapperton Partnership, Inc. (MillerClapperton), a national fabricator and regional installer of engineered cladding systems, has once again been recognized as a Top Workplace in the Atlanta metropolitan area. The list is based solely on employee feedback gathered through a third-party survey administered by research partner Energage, LLC. The anonymous survey uniquely measures 15 drivers of engaged cultures that are critical to the success of any organization: including alignment, execution, and connection, just to name a few.

"During this very challenging time, Top Workplaces has proven to be a beacon of light for organizations, as well as a sign of resiliency and strong business performance," said Eric Rubino, Energage CEO. "When you give your employees a voice, you come together to navigate challenges and shape your path forward. Top Workplaces draw on real-time insights into what works best for their organization, so they can make informed decisions that have a positive impact on their people and their business."

"We are so proud to be recognized as a Top Workplace in Atlanta for yet another year," said Zeke Miller, President. "We are fortunate that our business has remained strong during a pivotal year which has shaped and altered the outlook for many businesses. We have not only been able to support our existing workforce, but we continued to grow as well. At MillerClapperton, our core values are built around Family, Integrity, Pride, and Respect, and those priorities couldn't have been more important over the past year. We are appreciative of the continued hard work of our team members and their resiliency during a challenging time."

According to the AJC, more than 3,200 companies were nominated in this year's competition. Of those nominated, 244 businesses representing 56,000 workers in the Atlanta region participated in the survey and there were 175 finalists. A total of 70 companies were named in the midsize business category, with MillerClapperton ranked #55 overall. This is the sixth year in a row that MillerClapperton has been recognized as a Top Workplace by the AJC. In 2020, the company ranked #52 of 63 businesses in the medium-sized business category.

In the past year, MillerClapperton has also been ranked as a Top Specialty Contractor in the Southeast by Engineering News-Record and as a Top Metal Company by Glass Magazine.

**ABOUT MILLERCLAPPERTON**

MillerClapperton is a national fabricator and regional installer of engineered cladding systems. Founded in 1979 by Ted S. Miller and Dave Clapperton, the company's headquarters is based in the Atlanta metropolitan area with a second fabrication facility in Mesa, AZ to service the western United States.
